

# Oakbank School

Dear Parents,

Following the latest guidance surrounding lockdown, and in consultation with the Trust, we have had to look at the clubs we offer and what can/cannot take place under the rules.

The latest updates states that “out of school activities can continue if their primary purpose is to provide child care to enable parents and carers to go to work or training and education.” As well as this, the trust also supports out of school activities that support delivery of the curriculum, if they can be delivered safely.

Unfortunately, some of clubs do not meet this criteria and, as such cannot operate during lockdown. Therefore, as of today:

- All year 11 interventions can and will continue.
- The following clubs WILL continue:

EPQ

Italian Language and Culture Club

Script Club

Science Club

Spread the Word

Spanish Club

- The following clubs will not run, until after Christmas.

Mock Trial Competition

Oakapella

Eco Club

All KS3 After school Sports clubs

We know this will come as a disappointment to students but our first priority will always be the safety of the entire school community. We are asking staff to look at possible online alternatives and they may well contact you regarding arrangements for this.

Thank you for your support and understanding following the recent changes.

Jodi Swan

Assistant Head Teacher
